Ministry Of The Month

Makarios: Dominican Republic

We currently send monthly support for the 8th Grade Classroom at the Makarios School and the Medical Fund.

Praise:

- Even during COVID, we have been able to continue ministering to kids and families. We have continued feeding the families by delivering food packets every 2 weeks to help supplement their own supply. We finished out the spring semester and started this fall with learning packets that are sent home along with the food.
- Salvations - our Family Empowerment team has continued ministering to parents through phone calls. We have had a few parents reach out, asking about how to receive Christ - so God is still using our relationships to extend His kingdom.
- We began construction on the next phase of our school building about 2 weeks ago. It's going up quickly and will provide 6 additional classrooms for us.

Prayer:

- *We pray that our students will be able to return to live instruction in January.*
- *We pray for God's wisdom as we consider some ways to expand our impact here.*
